SIWI WORLD
WATER
WEEK

Come to Stockholm to discuss Water for Development!

On 23 August, as the Swedish summer slowly transforms into early autumn, we will open the doors to this year's World Water Week, themed "Water for Development".

In this year of major decisions regarding sustainable development and the path the UN and its member states will take, it is important that we take a step back and reflect upon water and its central role in development. Water is not only the condition for life, but also central to economic and social development, and a prerequisite for healthy ecosystems. We need to talk – about how to manage water, and how to finance it, today and in the decades to come. Financing for Development, a process running alongside the negotiations about Sustainable Development Goals (SDGs) and a new climate deal, is as important as the Post-2015 Development Framework itself. Without money, no implementation. Not of a water goal, nor of any other goals. We need to bring these perspectives into our discussions at World Water Week, and I am certain we will. We have an impressive programme with events covering topics such as development financing, the SDGs, integrity, gender, climate change, energy and sanitation.

All events this year will be held in a new format: 90-minute sessions spread evenly throughout the day instead of three-hour seminars and shorter side-events. Please browse the following

pages for more details and inspiration. And, we have some more news that we are very proud of: as of this year we are moving the Week (back) into central Stockholm, close to the city's quays and waterways and only a stone's throw away from City Hall, where this year's Stockholm Water Prize laureate, Shri Rajendra Singh, also known as the water man of India, will be honoured at a Royal Banquet on 26 August.

This year is a milestone for us at SIWI. It is the 25th World Water Week, although it began as Stockholm Water Symposium in 1991. It is also the 25th time that we honour an outstanding contribution to water by awarding Stockholm Water Prize.

We hope that you will come to Stockholm to discuss, be inspired and celebrate with us. It is time to register for the 25th World Water Week!

Torgny Holmgren
Executive Director
Stockholm International Water Institute

Rajendra Singh of India is this year's Stockholm Water Prize Laureate, awarded for his innovative water restoration efforts, improving water security in rural India, and for showing extraordinary courage and determination in his quest to improve the living conditions for those most in need.

STOCKHOLM WATER PRIZE

Celebrating its 25th year, the Stockholm Water Prize is the world's most respected award for outstanding water achievements. In addition to this year's festive royal ceremony and banquet, the prize and Laureate will be a highlight of several events during the Week, including the Opening Plenary on Monday 24 August and the Stockholm Water Prize Seminar on Wednesday 26 August.

www.siwi.org/prizes/stockholmwaterprize

A festival-feel this jubilee year!

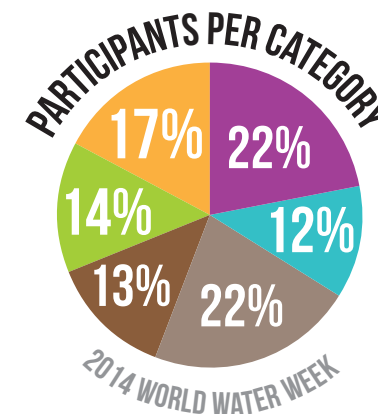

This year is the 25th anniversary of Stockholm Water Prize and World Water Week! To celebrate, the Week will be extra festive with fun and informative events such as art shows, experiments, games and mini-seminars taking place in the lively exhibition area. The exhibition will be open to the general public, including school classes who will be invited to join the fun and learn about water.

Also new this year is the SIWI Sofa. Located in the exhibition area, the sofa will be a cross between a speakers' corner and an outdoor studio, where journalists can conduct interviews and facilitate discussions between experts on a variety of water-

related issues. Expected interviewees include high-level speakers, representatives from water and development organizations, the private sector and, of course, SIWI.

Targeting a broader range of decision-makers and interested public, as well as World Water Week participants, segments will focus on hot topics of the Week and highlights, interdisciplinary collaboration, knowledge sharing, and on creating a deeper understanding of key water issues. They will also be recorded (video or podcast) and promoted through various online channels.

16:00-17:30
The Stockholm Industry Water Award ceremony and mingle will highlight the business community's management of water and celebrate the outstanding achievements of this year's winner. Greet, meet, eat, and toast to their feat!

AWARD CEREMONY STOCKHOLM INDUSTRY WATER AWARD

The Stockholm Industry Water Award stimulates and celebrates outstanding water achievements by companies in areas such as production improvement, risk management and wise water management solutions. The winner of the 2015 Stockholm Industry Water Award will receive the award at the ceremony on Sunday 23 August.

Monday 24 AUGUST

OPENING PLENARY AND HIGH LEVEL PANEL 09:30-12:30

In 2015, World Water Week in Stockholm celebrates its 25th anniversary. The official opening ceremony will appreciate our common achievements and discuss how we best should address the challenges ahead, in the next 25 years. 2015 is a momentous year in terms of global policy, with several important UN processes and discussions taking place to set the strategy for our common future.

Speakers will reflect upon the importance of water for sustainable development, what it implies, and demands, from the global community. They will also consider the way in which water is the thread linking the UN processes and explain the role sustainable water resources management will play in the achievement of coherent, efficient implementation of agreed solutions.

Ms Karin Lexén
Director, World Water Week,
International Processes and Prizes
Stockholm International Water Institute

Mr Torgny Holmgren
Executive Director
Stockholm International Water Institute

Mr Stefan Löfven
Prime Minister of Sweden

Mr Rajendra Singh
2015 Stockholm Water Prize Laureate

Ms Helen Clark (tbc)
Administrator
UNDP

Mr Adnan Z Amin
Director-General
International Renewable Energy
Agency (IRENA)

Ms Barbara Frost
Chief Executive
Wateraid

Ms Karin Wanngård
Mayor of Stockholm

REASONS NOT TO MISS THE OFFICIAL OPENING CEREMONY — SETTING THE SCENE FOR THE 25TH WORLD WATER WEEK

The latest insights from global, water and development leaders, 25 years of water: What have we achieved? Which challenges remain? The week ahead: What to expect this World Water Week. Live entertainment as part of the Jubilee celebrations.

ADDING FINANCE TO THE POST-2015 AGENDA EQUATION: MINISTERIAL PERSPECTIVES 14:00-15:30

Attend this high-level ministerial panel for the inside perspective on the key issues facing water and development, including the area of financing for development.

Invited to share their views includes: Hon Nomvula Mokonyane, Minister of Water and Sanitation, South Africa, Ms Isabella Lövin, Minister for International Development Cooperation, Sweden and Mr Neven Mimica, EU Commissioner.

TITLE	CONVENORS
Adding finance to the Post-2015 agenda equation: Ministerial perspectives	SIWI
Goldilocks and water variability: Ways to increase socio-ecological resilience	CGIAR Research Program on Water, Land and Ecosystems Led by IWMI and FE2W Network
Governance of climate adaptation and DRR in vulnerable low-lying countries	Deltares and The Hague Institute for Global Justice
How to provide water for millions in a refugee situation?	BGR and KfW Development Bank
Investing in natural infrastructure for development at the water-energy-food nexus	ForestTrends, IUCN, IWA, IWMI, UNEP-DHI, UNEP and World Resources Institute
Let's not focus on water	Global Water Development Partners, Growing Blue and Veolia
Oil and gas sector water management: From now to 2030	IPIECA
Rebalancing water use and restoring ecosystems using water markets	Murray-Darling Basin Authority, Murray-Darling Wetlands Working Group and The Nature Conservancy
Unfolding the contribution of investigative journalism to water integrity	African Water Journalists Network, WASH journalists network for West Africa, Thomson Reuters Foundation and WIN
Water and sustainable development: Operationalizing the SDGs in fragile states	Duke University, Nicholas School of the Environment, Environmental Law Institute and UNEP
A preventive approach to water and disaster risk reduction	Ministry of Foreign Affairs, The Netherlands and Ministry of Infrastructure and the Environment, The Netherlands
Can international water law guide sustainable development in shared basins?	GEF IW-Learn, GIZ, Global Environment Facility, Green Cross International, Ramsar Convention, UNESCO-IHE, UNECE and WWF
Cities and water: Too much/too little, but not too late	100 Resilient Cities and The Rockefeller Foundation
Climate change and political insecurity	Arup and SIWI
Governing the water-energy nexus: New integrated management practices	Institute for Advanced Sustainability Studies, International Renewable Energy Agency and The World Bank Group
Investment approaches to mainstreaming climate adaptation	Alliance for Global Water Adaptation, Carbon Disclosure Project, CBI, Ceres and World Resources Institute
Revealing the value of water	Forest Trends, GDF SUEZ, Quantis and World Resources Institute
SDG on water and sanitation – Measuring progress and ensuring implementation	Global Expanded Monitoring Initiative and UNSGAB
Water for food security and nutrition	CGIAR Research Program on Water, Land and Ecosystems Led by IWMI, FAO, High Level Panel of Experts for Food Security and Nutrition, Sida, SIWI and Swedish International Agricultural Network Initiative
Water for women – Every woman counts. Every second counts	Unilever

14:00-15:30

16:00-17:30

19:30-21:30 City of Stockholm Welcome Reception

The Welcome Reception at the Stockholm City Hall is open for all World Water Week participants. Take the opportunity to mingle with your colleagues in Stockholm's beautiful City Hall, with its imposing facades and interior in National Romantic style.

Hosted by: The City of Stockholm

Price: Included in the fee, pre-registration required*

* Tickets can be booked through the registration on a first come, first serve basis.

VISION SPEAKER 08:30-09:00

Ms Catarina de Albuquerque
Vice-Chair
Sanitation and Water for All

17:45-22:00
The royal award ceremony will be held at the Grand Hôtel in the presence of HRH Crown Princess Victoria. A formal dinner with entertainment will be served in the elegant setting of the winter garden.
Price: 1,500 SEK*

AWARD CEREMONY STOCKHOLM JUNIOR WATER PRIZE

Stockholm Junior Water Prize will bring together some of the world's brightest young minds. Each year, thousands of students from all over the globe enter national competitions in the hope of making it to the international final in Stockholm. The competition aims to encourage young people's interest in water and the environment.

www.siwi.org/prizes/stockholmjuniorwaterprize

* Tickets can be booked through the registration on a first come, first serve basis.

TITLE	CONVENORS
Workshop: Information technologies for a smarter water future	@aqua, Akvo Foundation, DHI and SIWI
Workshop: Managing change: Strengthening resilience to climate and disaster risks	CGIAR Research Program on Climate Change, Agriculture and Food Security, The Rockefeller Foundation, SIWI and UNESCO-IHE
Africa focus: Harmonizing monitoring, evaluation and reporting for water and sanitation in Africa	African Minister's Council on Water
An emerging framework for monitoring WASH in the Post-2015 era	WHO/United Nations Children's Fund Joint Monitoring Programme
Eye on Asia: Taking action for Asia	Asian Development Bank, Asia Pacific Water Forum, ICIMOD, IWMI and OECD
Latin America and Caribbean focus: The future of water in LAC	CAF-Development Bank of Latin America, FEMSA Foundation and Inter-American Development Bank
Livable cities for all: Integrated sanitation and water services	Bill & Melinda Gates Foundation, Sandec, The World Bank Group and Water and Sanitation Program
Malin Falkenmark seminar: Green water based economic development in drylands	SEI, SIWI and Stockholm Resilient Centre
Understanding humanitarian and development WASH approaches to improve service delivery	Action contre la faim, European Commission Directorate General for Humanitarian Aid and Civil Protection, Federal Department of Foreign Affairs, Switzerland, Federal Foreign Office, Germany, German WASH Network, Sustainable Sanitation Alliance and UNICEF
Using results-based financing to connect the poor: Who, where, why?	Global Partnership on Output-Based Aid

09:00-10:30

14:00-15:30

Workshop: Information technologies for a smarter water future	@aqua, Akvo Foundation, DHI and SIWI
Workshop: Managing change: Strengthening resilience to climate and disaster risks	CGIAR Research Program on Climate Change, Agriculture and Food Security, The Rockefeller Foundation, SIWI and UNESCO-IHE
Africa focus: Water for development: Private sector involvement in implementing the SDGs	African Minister's Council on Water and AquaFed
Change doesn't happen overnight: Challenges from the HSBC Water Programme	Earthwatch, HSBC, WaterAid and WWF
Don't cheat on us! Gender dimensions in water corruption	Bremen Overseas Research & Development Association, SIWI and Women for Water Partnership
Eye on Asia: Water – The domestic goddess	Argyam Foundation, Asian Development Bank, Asia Pacific Water Forum, Gates Foundation, Gram Vikas and Youth Network
Feeding nine billion people: How water stewardship can help	Alliance for Water Stewardship and Water Footprint Network
Improving water governance for achieving financial sustainability in the Mediterranean	GWP-Mediterranean
Latin America and Caribbean focus: The future of water services in LAC	CAF-Development Bank of Latin America, Inter-American Development Bank and Latin American Association of Water and Sanitation Utilities
WASH in Nut: Strategic and operational solutions to fight under-nutrition	Action contre la faim, BMZ, Concern Worldwide, European Commission, German WASH Network, GIZ, London School of Hygiene and Tropical Medicine/SHARE Research Consortium and Sustainable Sanitation Alliance

11:00-12:30

16:00-17:30

TITLE	CONVENORS
Workshop: Information technologies for a smarter water future	@aqua, Akvo Foundation, DHI and SIWI
Workshop: Managing change: Strengthening resilience to climate and disaster risks	CGIAR Research Program on Climate Change, Agriculture and Food Security, The Rockefeller Foundation, SIWI and UNESCO-IHE
Accelerating corporate action on WASH: Role and opportunity for business	United Nations Global Compact CEO Water Mandate, WaterAid and WBCSD
Africa focus: Investments in agricultural lands vs water and food security	African Minister's Council on Water and UNEP-DEPI
Eye on Asia: Water for cities	Asian Development Bank, Asia Pacific Water Forum, ICIMOD and Water Resources Institute
FSC ecosystem services certification: Water benefits for forest owners/communities	Forest Stewardship Council
Latin America and Caribbean focus: Understanding human right to water and sanitation	Inter-American Development Bank, IWA, Spanish Cooperation Agency for International Development and Swiss Agency for Development and Cooperation
MENA Water World Café 2015	Regional Environmental Center
Non-traditional partnerships to finance development at scale	Grand Challenges Canada, International Development Enterprises, Kohler, Monitor Inclusive Markets and RFL Plastics
Water diplomacy: Developing instruments for stronger basin cooperation	adelphi, Federal Department of Foreign Affairs, Germany and SIWI

Africa focus: High level ministerial panel	African Minister's Council on Water
Climate change impacts on water for development in Arab Region	Arab Center for the Studies of Arid Zones and Dry Lands, GIZ, FAO, League of Arab States, Sida, Swedish Metrological and Hydrological Institute, UN-ESCWA, UNESCO, UNEP, UNISDR, UNU-INWEH and World Meteorological Organization
Complexities with water pricing and governance	SIWI and Water Reserach Commission
Diplomacy 4 Water: Transboundary cooperation over shared water resources	IUCN-Asia and The Hague Institute for Global Justice
Eye on Asia: Innovations in water-food-energy	Asian Development Bank, Asia Pacific Water Forum, FAO, ICIMOD and Water Resources Institute
Latin America and Caribbean Focus: Achieving the new dedicated goal for water: Challenges and priorities for LAC	CAF-Development Bank of Latin America, Economic Commission for Latin America and the Caribbean, FEMSA Foundation, Inter-American Development Bank, IWA and The World Bank Group
Mistakes to successes: Learning from errors	cewas, HELVETAS Swiss Intercooperation, Sandec, Swiss Water Partnership and WaterLex
Public finance for WASH: Making it happen!	IRC, Trémolet Consulting and Water and Sanitation for the Urban Poor
Re-framing silos to accelerate development pathways	European Commission, Global Environment Facility, IUCN, IWA and UNECE
The Global Resilience Partnership: Global Resilience Partnership Challenge Awards	The Rockefeller Foundation, Sida and USAID

16:00-18:00 Sustainable cities: Stockholm Royal Seaport **16:00-18:00 Information technologies: Ericsson ICT Lab**

In connection with two of the **workshops** we will host **field visits** which will be free to join. Please note that priority will be given to participants attending the workshop. Read more in the on-line programme under each workshop.

TITLE	CONVENORS
Workshop: Managing water resources for green growth and equity	Inter-American Development Bank, Luc Hoffman Institute-WWF, OECD and SIWI
Workshop: Water as a driver for sustainable development and poverty eradication	SIWI, The World Bank Group, WaterAid and We Effect
Communicating resilience: Interactive narratives on urban flooding and water stress	ISET-International
Earth Observation supporting water resources management for sustainable development	European Space Agency and The World Bank Group
Rainwater – Sky's the limit! Stockholm Water Prize Seminar 2015	Royal Swedish Academy of Science and SIWI
Source-to-sea management for sustainable growth and development	Action Platform on Source to Sea Management, FAO, SIWI and UNDP
Transboundary aquifer and sustainable development: The future of freshwater cooperation	GEF-International Waters, Texas A&M University, UNESCO-IHP and University of Strathclyde
UN-Water Stakeholder Dialogue: Way forward in the Sustainable Development Agenda	UN-Water
Water, gender, and distress: Social equity in the Post-MDG landscape	Columbia University, Emory University, London School of Hygiene and Tropical Medicine/SHARE Research Consortium, Plan International, Society for the Promotion of Participatory Ecosystem Management, Texas A&M University, UNICEF, University of Oklahoma, University of Technology Sydney, Water Supply and Sanitation Collaborative Council and WaterAid
What happens after a PPP contract is terminated?	National University of Singapore

09:00-10:30

11:00-12:30

Workshop: Managing water resources for green growth and equity	Inter-American Development Bank, Luc Hoffman Institute-WWF, OECD and SIWI
Workshop: Water as a driver for sustainable development and poverty eradication	SIWI, The World Bank Group, WaterAid and We Effect
Collaborative water monitoring through open data and mobile technology	mWater, Water.org and WaterAid
Developing climate resilient water sanitation and hygiene services	GWP and UNICEF
How are LAC, Asia and Africa facing the water-related SDGs?	African Minister's Council on Water, Asian Development Bank, GWP-Mediterranean, Inter-American Development Bank and The World Bank Group
Local forerunners networking for urban water protection: Baltic Sea Challenge	Centrum Balticum Foundation, City of Helsinki and City of Turku
Making transformational gains for gender equality through WASH policy	Asian Development Bank, DFID, Sida, UN World Water Assessment Programme and Water and Sanitation Program
Rainwater – Sky's the limit! Stockholm Water Prize Seminar 2015	Royal Swedish Academy of Science and SIWI
Shit Flow Diagrams – A tool to foster sustainable urban sanitation programming	Bill & Melinda Gates Foundation, Centre for Science and Environment, GIZ, Sandec, water@leeds research group of the University of Leeds, Water and Sanitation Program and Water, Engineering and Development Centre of Loughborough University
Transboundary water governance in (SE) Asia – Analyses and approaches	Adaptation to Climate Change in the Water Sector in the MENA Region, Government of Australia, IWMI and SIWI

TITLE	CONVENORS
Workshop: Managing water resources for green growth and equity	Inter-American Development Bank, Luc Hoffman Institute-WWF, OECD and SIWI
Workshop: Water as a driver for sustainable development and poverty eradication	SIWI, The World Bank Group, WaterAid and We Effect
Cooperation on climate change adaptation and mitigation in transboundary basins	Alliance for Global Water Adaptation, GIZ, Federal Department for Environment, Switzerland, Government of the Netherlands, SIWI, UNECE and WWF
Democratizing water through accountability – From norms to reality	Forum Syd, International IDEA and UNDP Water Governance Facility at SIWI
Gearing up for implementing the SDGs: The country perspective	Asian Development Bank, CGIAR Research Program on Water, Land and Ecosystems Led by IWMI, FAO, IWMI and UN DESA
Getting water in COP21: The economics of water and climate	The World Bank Group
Indigenous peoples and natural resources in the Sustainable Development Goals	International Working Group on Indigenous Affairs, Denmark, Tebtebba Foundation and UNDP Water Governance Facility at SIWI
Landscape approaches for sustainable development, water and land resource management	Centre for International Forestry Research, Focali, SEI, SIWI, Swedish International Agricultural Network Initiative, Swedish University of Agricultural Sciences and Swedish Water House at SIWI
Serious play – Virtual world for water education	Cap-Net UNDP, DHI and UNEP-DHI Centre for Water and Environment
Water-energy-carbon nexus – Its relevance for water and wastewater utilities	GIZ, BMUB and IWA

14:00-15:30

Aligning finance for watershed ecosystems, agricultural production, and development	Forest Trends
Building trust and sustainability through integrity: Focus on citizens and communities	HELVETAS Swiss Intercooperation, IRC, Transparency International Bangladesh and Water Integrity Network
Changing behaviors to build systems that last: SWA's evolving strategy	Government of Burundi, Government of South Sudan, IRC, Sanitation and Water for All, USAID and WaterAid
Management of large rivers to secure functions of coastal ecosystems	SIWI and Swedish Agency for Marine and Water Management
Managing change: Future water stress and flood risk assessment tools	Ministry of Infrastructure and the Environment, The Netherlands, Nestlé and World Resources Institute
Rethinking water for growth: Balancing trade, resource allocation & economy	China Water Risk and HSBC
Sustainable city sanitation – From planning to implementation	Eawag, GIZ, Sustainable Sanitation Alliance, Water and Sanitation for the Urban Poor and Water For People
Transforming the sanitation sector for achieving universal access by 2030	Water and Sanitation Program and WaterAid

YOUNG PROFESSIONALS' DAY

World Water Week specially invites everyone under 35 to take part in the Young Professionals' Day, a day focusing on motivating and empowering young people. The theme for 2015 is Career Paths and the three events* each give inspirational and useful insights on how to get started. Don't miss it!

* Please see events marked YPD in the programme

SPECIAL EVENT WITH GPDN

The recent draft of the Paris climate agreement does not mention water. With COP21 negotiations approaching, it's time for global leaders to consider water resources in a changing climate. Could water resources be a component of the INDCs to the Paris agreement? Special event with our Media Partner, Guardian Development Professionals Network (GPDN), in collaboration with SIWI, supported by FEMSA.

Time: 12:45-13:45

18:00-19:00 GLASA Award Ceremony

On 27 August, apparel sector leaders and water experts will convene to discuss water stewardship in the apparel sector and honour the recipient of The Global Leadership Award in Sustainable Apparel.

To learn more visit www.glasaaward.org.

19:00-00:00 World Water Week Mingle & Dance

You are cordially welcome to attend the informal, relaxed but very important gathering for World Water Week's participants: **the Mingle & Dance!** This year the mingle/meeting with colleagues and the entertainment will be available for all registered participants and arranged at the World Water Week's venue – City Conference Centre Stockholm. Light dinner, entertainment, dance floor, bar and good atmosphere will be provided.

Price: Included in the registration fee

Friday 28 AUGUST

CLOSING PLENARY AND REPORTING BACK 09:00-13:00

2015 signifies great possibilities for global development, a set of Sustainable Development Goals will be decided at the UN General Assembly High-Level Summit in September 2015, a new global climate deal is anticipated at the 21st Conference of the Parties to the UN Framework Convention on Climate Change in Paris in December, and a Post-2015 Disaster Risk Reduction Framework will be developed. The synergies between the UN processes and the need for water considerations in these

deliberations is substantial. The Closing Plenary will help to tie together discussions from the Week and the significance of water knowledge to these negotiations. Speakers will discuss the possible outcomes of each summit, the extent to which they provide building blocks for long-term coherent and efficient implementation, and what is needed to ensure necessary actions are taken.

Ms Karin Lexén
Director, World Water Week,
International Processes and Prizes
Stockholm International Water Institute

Ms Åsa Romson (tbc)
Minister of Climate and Environment and
Deputy Prime Minister, Sweden

Mr Torgny Holmgren
Executive Director
Stockholm International Water Institute

Ms Hela Cheikhrouhou (tbc)
Executive Director
Green Climate Fund

Dr. Torkil Jønych Clausen
Chair
Scientific Programme Committee
of the World Water Week

Ms Margaretha Wahlström
UN Special Representative of the
Secretary-General for Disaster
Risk Reduction

REASONS NOT TO MISS THE CLOSING PLENARY!

Inside perspectives on the international processes. Rapporteurs' conclusions: What were the hot topics during the Week? What were the main issues on the table? What have we learnt? Where should we go from here? An exclusive preview of next year's World Water Week.

FIELD VISITS

13:15-18:00
Water, forest and people – How can forestry secure water resources?

Join us as we leave the city and enter the forest to discover life under the surface in a typical Swedish creek. In the forest we will highlight the close relationship between water, forest and people and how trees and forests are central to managing water resources effectively.

Hosted by: The Swedish Water House cluster group on Water and Forestry, Focali, Swedish Forestry Agency, SLU Global, SSC Forestry and Sveaskog

14:00-17:00
The Hammarby plant a part of the circular economy

Take part in this tour to one of the world's largest heat pump plants where treated waste water is used to produce district heating, district cooling, and in the last step electricity. Learn more about Stockholm's energy systems and the different forms of production for it.

Hosted by: Fortum

14:00-17:00
Get to know PeePoo – The self-sanitizing, biodegradable household toilet

From innovation to mass production and worldwide use. The Peepoo toilet is today used to provide a safe and sustainable solution to a daunting lack of toilets in both slums and during emergencies around the world.

Hosted by: SEI, Swedish International Agricultural Network Initiative and PeePoo

Price: 400 SEK* (for each field visit)

* Tickets can be booked through the registration on a first come, first serve basis.

Registration information

ONLINE REGISTRATION

Registration to World Water Week is required for everyone attending the conference, including speakers and invited participants. Please note that registration for the various field visits and social events, as well as accommodation and travel

booking, will be available upon registration and payment on a "first come – first served" basis. World Water Week registration is open to adults only. The online registration is available at www.worldwaterweek.org.

VENUE

World Water Week will be held in the heart of Stockholm at City Conference Centre where World Water Week was last held in 2007. Certain activities, such as the Stockholm Water Prize Award Ceremony and Royal Banquet, various social events and field visits, take place at other sites in Stockholm.

The venue address is: City Conference Centre Drottninggatan 71b and Barnhusgatan 12-14, Stockholm, Sweden

Phone: +46 8-506 16 400
www.stoccc.se

VISA INFORMATION

Participants requiring a visa for entry to Sweden are strongly advised to make their application in their home country at least

two months before the intended date of travel. Please read more about the visa requirements at www.worldwaterweek.org
